PREFACE

This is the third edition of the Montana Health Data Book and Medical Facilities Inventory.

The Montana Health Data Book and Medical Facilities Inventory makes available health information and health utilization data. The Data Book and Facilities Inventory is a guide to assist the public and health professionals in the conduct of their work and pursuit of health planning interests.

The extensive nature of health data for Montana makes it impossible to impart all the data in a concise and brief presentation, so in an effort to make this health data accessible, we mention the following agencies and their respective data responsibilities:

1. The Montana Hospital Association: Expenditure data and financial information.

2. Montana Rate Review System: Information on charges for their member hospitals.

3. The Montana Health Systems Agency: The Montana Health Systems Plan.

4. The Montana Foundation for Medical Care: Medicare and Medicaid information--diagnostic and special studies.

5. The Emergency Medical Services Bureau: Information about emergency personnel, ambulances, and training of personnel, etc.

6. Montana Blue Cross: Intermediary for Medicare Cost Reports and financial and revenue information for Montana hospitals, and also information about their subscribers.

7. The Department of Social and Rehabilitation Services: Information about nursing homes and Medicaid information.

8. The Montana Physician Service (Blue Shield): Information about their subscribers.

9. The Department of Administration: (Research and Information Systems Division) Census information.

ACKNOWLEDGEMENTS

The Health Planning and Resource Development Bureau would like to acknowledge all those agencies and individuals who have contributed data and cooperated generously in the endeavor to complete this Montana Health Data Book and Medical Facilities Inventory. We extend a special "Thank you" to the Montana Hospital Association for their cooperation, the hospitals and their staffs, the long-term care facilities and their staffs, the various home health agencies and the Bureau of Records and Statistics.

Generous appreciation is extended to Doris Downs, Sherryl English, and Mike Zarndt for their assistance in preparing this report.

1981 HOSPITAL REPORTS

1981 HOSPITAL REPORTS

The following pages contain information from the 1981 Annual Survey of Hospitals conducted by the Montana Department of Health and Environmental Sciences with the assistance of the Montana Hospital Association. Sixty-one hospitals reported in 1981, however, Silver Bow General in Butte closed at the end of its reporting period.

The calculated parameters are defined as follows:

$$\text{Percent Occupancy} = \frac{\text{Total Inpatient Days}}{(\text{Licensing List Beds} \times 365)} \times 100 \text{ Percent}$$

$$\text{Possible Bed Days} = \text{Licensing List Beds} \times 365$$

$$\text{Average Daily Census} = \frac{\text{Total Inpatient Days}}{365}$$

$$\text{Average Length of Stay} = \frac{\text{Total Inpatient Days}}{\text{Total Admissions (Inpatient)}}$$

$$\text{Turnover} = \frac{\text{Possible Bed Days} - \text{Total Inpatient Days}}{\text{Total Admissions (Inpatient)}}$$

$$\text{Case Flow} = \frac{\text{Total Admissions (Inpatient)}}{\text{Licensing List Beds}}$$

HOSPITAL HISTORICAL DATA

HOSPITAL HISTORICAL DATA

The following pages contain listing of License List Beds, Reported Set Up and Staffed Beds, Inpatient Days, Admissions, Percent Occupancy, Average Length of Stay, Total Paid Expenses, Adjusted Expense per Inpatient Day, and Adjusted Expense per Admission for Private (non-state or federal) Hospitals in Montana for the years 1977 through 1981. The data was obtained from the Department of Health and Environmental Sciences' Annual Survey of Hospitals. The expense information was provided by the Montana Hospital Association. The formulas used are as follows:

$$\text{Adjusted Expense/Inpatient Day} = \frac{\text{Total Expenses} \times \left(\frac{\text{Gross Inpatient Revenue}}{\text{Total Gross Patient Revenue}} \right)}{\text{Inpatient Days}}$$

$$\text{Adjusted Expense/Admission} = \frac{\text{Total Expenses} \times \left(\frac{\text{Gross Inpatient Revenue}}{\text{Total Gross Patient Revenue}} \right)}{\text{Admissions}}$$

The ratios assume that the ratio of Gross Inpatient Revenue to Total Gross Patient Revenue equals the ratio of Inpatient Expenses to Total Expenses.

Some combination Hospital and Long-Term Care Facilities had years in which some part of the Long-Term Expenses were included in the Total Paid Expenses of the Hospital. All three expense figures are affected. The following facilities have some sort of qualifying statement on their Indicator Reports:

Year	Facility	Comment
1977	Fallon Memorial Nursing Home and Hospital Baker	Expenses Include LTC
	Silver Bow General Nursing Home and Hospital Butte	Expenses Include LTC
	Dahl Memorial Nursing Home and Hospital Ekalaka	Expenses Include LTC and Outpatient Revenue is Estimated
	Rosebud Community Nursing Home and Hospital Forsyth	Expenses Include LTC and Outpatient Revenue is Estimated
	Glendive Community Nursing Home and Hospital Glendive	Outpatient Revenue is Estimated
	Garfield County Nursing Home and Hospital Jordan	Expenses Include LTC
	Livingston Convalescent Center and Hospital Livingston	Outpatient Expenses only Include Emergency Room
	Mission Valley Hospital, Inc. St. Ignatius	Reporting Period is for Nine Months
	Prairie Community Nursing Home and Hospital Terry	Expenses Include LTC
1979	Daniels Memorial Nursing Home and Hospital Scobey	Expenses Include LTC
	Garfield County Nursing Home and Hospital Jordan	Expenses Include LTC
	Big Horn County Memorial Nursing Home and Hospital Hardin	Expenses Include LTC

Continued

Year	Facility	Comment
1979	Stillwater Convalescent Center and Community Hospital Columbus	Expenses Include LTC
	Mountainview Memorial Nursing Home and Hospital White Sulphur Springs	Expenses Include LTC
1980	Garfield County Nursing Home and Hospital Jordan	Expenses Include LTC
1981	Silver Bow General Nursing Home and Hospital Butte	Not Reported by MHA; Calculated by DHES.

In 1977, St. Ignatius had a reporting period of 199 days and the Montana Hospital Association expense information indicates it covered a nine month period. All other reporting periods cover a full year.

1981 LONG-TERM CARE REPORTS

1981 LONG-TERM CARE REPORTS

The following pages contain information from the 1981 Annual Survey of Long-Term Care Facilities conducted by the Montana Department of Health and Environmental Sciences.

All facilities listed have a 365 day reporting period except Western Care in Helena which had a four-month reporting period, Hillside Manor in Missoula which had a six-month reporting period, and Community Nursing Home and Rehabilitation Center in Missoula which had a three-month reporting period. Since all these facilities were open all year, their reported data has been extrapolated to a year and listed. Expense information is available by contacting the Department of Health and Environmental Sciences, Health Planning Bureau (406) 449-3121.

Due to the nature of the computer software used to produce the LTC Reports, Region totals are listed after the individual facilities in that Region and the State total is at the end of each Report.

SKILLED BEDS AND INTERMEDIATE BEDS AS REPORTED FROM 1981 SURVEY, PATIENT DAYS, ADMISSIONS, DISCHARGES, AND PERCENT OCCUPANCY IN PRIVATE MONTANA LONG TERM CARE FACILITIES, 1981 BY REGION

1977 - 1981 LONG-TERM CARE HISTORICAL DATA

1977 - 1981 LONG-TERM CARE HISTORICAL DATA

The following pages contain listings of license list Beds, Beds Reported Set Up and Staffed, Patient Days, Admissions, and Percent Occupancy for Private (non-state or federal) Long-Term Care Facilities in Montana for the years 1977 through 1981. The data was obtained from the Department of Health and Environmental Sciences' Annual Surveys of Long-Term Care Facilities.

No surveys for the year 1978 could be found for Malta Nursing Home or Stillwater Convalescent Center, although the facilities were open at that time. There is no data from those facilities in the charts for 1978. Since Malta was licensed for 35 beds and Stillwater for 81, the state total for licensed beds in 1978 is actually 5,698, the Region I (with Malta) subtotal is 935, and the Region III (with Stillwater) subtotal is 1,063. The numbers in the listing are used for the summary reports of percent occupancy.

Due to changes in ownership or other restructuring, some facilities known to be open all year did not report the full year on some surveys. The values for Patient Days and Admissions were then extrapolated to a full year and these numbers displayed in the charts. These facilities fall into this category:

Year	Facility	Length of Reporting Period
1978	Glendeen Nursing Home Billings	198 Days
1978	Parkview Acres Convalescent Dillon	6 Months
1978	Helena Nursing Home Helena	6 Months
1979	Big Horn County Memorial Nursing Home Hardin	3 Months
1979	Daniels Memorial Nursing Home Scobey	6 Months
1981	Western Care Nursing Home Helena	4 Months
1981	Hillside Manor Missoula	6 Months
1981	Community Nursing & Rehabilitation Missoula	3 Months

In the portion of 1979 that Community Nursing and Rehabilitation of Missoula recorded on its 1979 Survey, the facility had 62 beds. However, the fall licensing list had the facility licensed for 140 beds. So for computational purposes the facility has 62 beds set up and staffed, but 140 license list beds.

Some of the Percent Occupancy figures are over 100 percent. However, when patient days and possible bed days are put in the formula, this over 100 percent figure is the answer obtained. No explanation except recording error can be made for these facilities:

Year	Facility	Percent Occupancy Shown
1977	Community Nursing Home Anaconda	101.5
1977	Parkside Manor Helena	105.9
1981	Park Place Nursing Home Great Falls	100.1

Hillcrest in Bozeman in 1980 expanded from 8 to 10 beds, but 8 beds are used in the calculations. The increase in patient days probably accounts for the percent occupancy of 103.3 percent.

The survey also collects information on Expenses, Payroll and Other, however, the listings do not seem consistent enough to warrent publishing as a state total. Inquiries can be made to the Health Planning and Resource Development Bureau of the Department of Health and Environmental Sciences about expense information.
